

Affirmative Action

It is the policy of this District to provide all applicants for District employment with equal employment opportunities and to provide present employees with training, compensation, promotion, and all other attributes of employment, without regard to race, marital status, religion, national origin, sex, or age, except where the latter two are essential occupational requirements.

Therefore, this Policy establishes a program of affirmative action in order to assure that all personnel policies relevant to recruiting, hiring, and promoting employees of the Glendale Community College District will guarantee equal opportunities for all minority group persons and women.

This policy will be publicized throughout the District and the community and will be made explicit in all District manuals and publications. A non-discrimination clause will be included in all contracts with suppliers, vendors, concessionaires, and services.
